CASH MANAGEMENT SOLUTIONS

Pay Solutions

With our automated cash management products we eliminate the need for drop safes, which ultimately pose a high risk of theft for your business and creates huge administrative load and inefficiencies in managing daily cash takings on your sites.

SlimPro 5000

The slimpro5000 is designed and developed for international specifications and requirements, focussed on low risk environments where retail outlets have the necessary security features to deter potential attackers.

The Slimpro is modelled on our smartpro5000 which includes high speed drop functionality and a bag capacity of up to 5000 notes. The slimpro is a 40mm (2.5 inch) concrete categorised carcass with a 6mm base, providing a Euro Grade 4 EN1143-2 equivalent, meeting the minimum insurance risk requirement.
